

Lantern riddles for Mid-Autumn Festival

To promote Chinese culture, national education, and the dissemination of Chinese culture, the National Education and Chinese Culture Promotion Team organized lantern riddle activities during the Mid-Autumn Festival for all teachers and students to experience the festive atmosphere.

The activities were challenging, with a diverse range of riddles that were intellectually stimulating and fun. Under the guidance of the team members, students enthusiastically examined each riddle, actively participated in solving them, and engaged in lively discussions and contemplation. Many quickly guessed the answers and generously shared their thoughts with others.

Through this festive event, students gained a deeper understanding of traditional Chinese festivals. The lantern riddle activity provided an opportunity for students to step out of the classroom, engage in conversations, and share bright smiles. It is believed that by participating in lantern riddle activities, students can relax, experience the joy and warmth of the festive atmosphere, and deepen their emotional connection to traditional festivals.
