Our Students Attend

the 3rd Youth Development Summit to Broaden Horizons

To broaden students' horizons and deepen their understanding of social development, seven student representatives from our school's National Education and Chinese Culture Promotion Team attended the 3rd Youth Development Summit, organised by the Home and Youth Affairs Bureau, on 7 November.

Held at the Hong Kong Convention and Exhibition Centre, the summit featured a rich programme with leading officials, industry leaders, and outstanding representatives from the Mainland, Hong Kong, and overseas as guest speakers. Our students actively participated in the opening session, keynote speeches, and thematic forums, discussing youth development and exploring future opportunities alongside elites from various fields.

This experience inspired their personal growth and career planning. The school hopes to continue encouraging participation in large-scale external events to nurture future leaders with a global perspective.
