

Model Class Award 2021-22

The Model Class Award is a recognition of the outstanding performance of classes (one from the junior forms and one from the senior forms) who have shown a good sense of belonging to the class, exhibited a satisfactory level of participation to inter-class activities and demonstrated the spirit of cooperation by following school rules. The award-winning classes have to receive the most votes from teachers who have the right to vote against certain classes.

This year, students' performance in the Class Commendation Award Scheme, Punctuality Award Scheme and the classroom bulletin board decorations are the criteria for the Model Class Award.

The award-winning classes of this year are 2B (Junior Section) and 4E (Senior Section).

Class 2B

Class 4E
