

Best Design Award from the 7th STEM Education Competition

2B Kang Pui Ying, 2B Lam Hei Tung and 2B Lau Sze Yu took part in the 7th STEM Education Competition (「英才盃—STEM教育挑戰賽」), and got the one and only “Best Design Award” in the competition. During the final round, each team designed and built a tower that can resist earthquake with the theme “Celebration of the 25th Anniversary of Establishment of the HKSAR”. Congratulations! (Students’ class shown is in 2021-22 academic year.)
