

6D Wong Shuk Yam Ella will be offered admission to The University of Hong Kong

6D Wong Shuk Yam, Ella will be offered admission to Science Master Class (double degree) of The University of Hong Kong via The School Nominations Direct Admission Scheme (SNDAS).

The School Nominations Direct Admission Scheme (SNDAS) is held by EDB and introduced with the aim of recognising the talent of local secondary students that could not be fully assessed by the Hong Kong Diploma of Secondary Education (HKDSE) Examination. It is a “programme-student matching exercise” in essence that provides opportunities for secondary students who have demonstrated exceptional talents and interests in specific disciplines / areas to be considered for direct admission to local universities.

June 23, 2023

Dear Dr. Lau,

Greetings from the University of Hong Kong. Thank you for nominating your student to the University's School Nominations Direct Admission Scheme (SNDAS). We appreciate the time and effort you and your colleagues have taken to select a suitable student for this scheme. We have been consistently impressed by the calibre of the nominated student. Your student have shown exemplary dedication to their talents and have excelled academically and in areas such as sports, arts, and community service.

After careful evaluation, we are pleased to inform you that your student Wong Shuk Yam will be offered admissions to the University via SNDAS. The student will be informed of the result via email and is required to accept the offer via HKU non-JUPAS application system by June 27, 2023. Please kindly remind the student that once accepted, the offer will be binding, and the student will not be considered/accepted by other programmes regardless of his/her HKDSE Examination results. The student's JUPAS application will also be automatically removed from the JUPAS application system.

Please extend our gratitude to your colleagues for their unwavering commitment to the development of talented students. The scheme will be continued next year to support more students who have demonstrated exceptional non-academic achievements. We look forward to continuing our collaboration with you in the years to come and are excited to see your future cohorts' achievements at HKU. If you have any questions, please do not hesitate to contact Mr. Edwin Ng at edwintk@hku.hk.

Yours sincerely,

Professor Bennett Yim
Director of Undergraduate Admissions
and International Student Exchange
Stelux Professor in Marketing
