

Tsuen Wan and Kwai Tsing District Secondary Schools High-Speed Rail

Our school recently participated in the “Tsuen Wan and Kwai Tsing District Secondary Schools High-Speed Rail Exchange in the Greater Bay Area” organized by the Kwai Tsing District Office, the Kwai Tsing District Youth Development and Civic Education Committee, and The Association of Heads of Secondary Schools of Tsuen Wan, Kwai Chung & Tsing Yi District.

From October 24 to 26, Dr Lau, the Principal, led seven senior form students on a three-day, two-night exploration trip by high-speed rail to Guangzhou, Zhongshan, and Shenzhen. The itinerary included visits to Jinan University, Zhongshan Memorial Secondary School, the Guangdong Innovation and Entrepreneurship Incubation Base in the Greater Bay Area, Zhongshan Public Urban Drainage Company, and the Zhongshan Chen Xinghai Integrative Medicine Hospital. The group also enjoyed a night cruise on the Pearl River to experience the prosperity and charm of Guangzhou.

Through this event, students gained further insights into the opportunities presented by the Greater Bay Area's development and prepared themselves to contribute to the country in the future.

I am very grateful for the opportunity to represent my school in this exchange program. Throughout the three-day, two-night journey, the highlight for me was undoubtedly the night tour of the Pearl River. As the gentle sea breeze caressed us, we reveled in the mesmerizing nightscape, with the illuminated Guangzhou Tower standing out spectacularly. This experience, in contrast to viewing it from the land, allowed me to deeply appreciate the enchanting beauty of the Greater Bay Area.
