

Form One Study Tour: Exploring Shenzhen's Natural Environment and Historical Culture

To enrich students' learning experience and enhance their national identity, our school's Other Learning Experiences Committee participated in the 'Shenzhen Natural Environment and Historical Culture Exploration Tour' organized by the Education Bureau on April 17, 2025.

During the trip, students explored Shenzhen's ancient volcanic landforms, various rock and mineral crystals, gaining insights into the importance of environmental conservation. They also delved into the history of the Ancient City of Dapeng, deepening their understanding of cultural heritage preservation and recognizing the significance of protecting homeland and national security. The experience that students gained from this trip was highly valuable, enhancing their understanding and appreciation of Chinese culture.
